Music Teacher: Ankita Pai

Karate Master: M Vinoth Kumar

Transport Providers: Srinivas S N (Van), Shivakumar (Van), Srinivas (Auto), Anbu (Auto), Rajnikant (Auto), Bhimappa (Auto), Anthony (Auto)

Food providers: Venkatesh M, Fatima Noor

NOTE FROM THE MANAGING TRUSTEE

Dear Friend,

At ACT we strive to ensure that the children remain in school and do not drop out due to financial or other difficulties that their parents face. Education as an enabler is a constantly evoked mantra and our volunteers spend an immense number of hours coaching the children in those subjects that they find difficult. In this context, I am happy to share some of our success stories with you. 15 students from class X took the SSLC exams. 13 of them passed. The topper Jyoti Lakshmi scored 96%; our other toppers were Nanda Kumar, who scored 81%, and Priya Darshini, who scored 80%.

18 of our students attended college. 4 girls did their summer internship for 1 month at CGI. All 4 have graduated and are well placed in mainstream companies.

Mothers Empowerment Program (MEP) is our latest intervention to improve the lifestyle of our mothers of the ACT children. In this project, mothers learn new skills like basket weaving, cloth bag and fabric coaster making, and specialised cooking. ACT provides the initial raw material for all these ventures. We are regularly invited to exhibitions at corporate houses and the proceeds raised are given to the mothers to augment their salary. The mothers are now working towards a future goal of becoming a co-operative of their own.

Yours Truly,

Sujata Menon P.

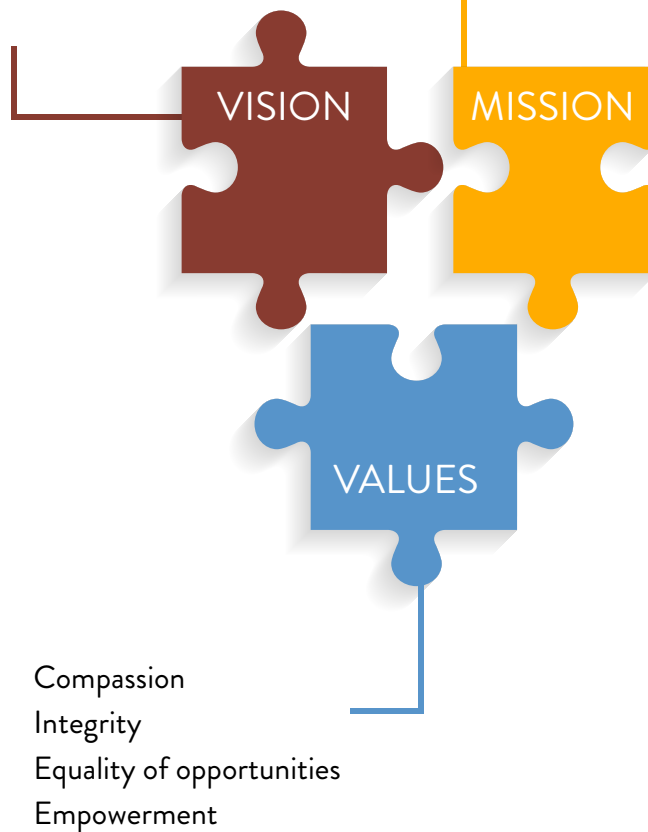

VISION, MISSION AND VALUES

- To do our best so that the current generation of underprivileged children living below the poverty line integrates seamlessly within mainstream society.

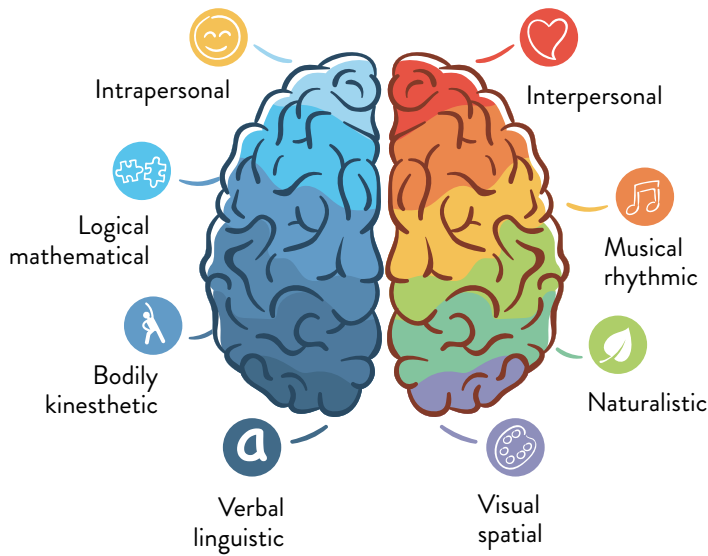

- To impart quality education, and all round development, including skill building, in order to provide avenues for employment that are suited to every child's dominant intelligence and strengths.

To educate and empower underprivileged children and support them till they are gainfully employed.

Ashwini Charitable Trust (ACT) is a non governmental organization which educates and empowers underprivileged children from urban slums in Bangalore. We began on 1st April 2000 with 9 children and now have 384 children from 215 families with us as of 2016-2017. When we began, education meant paying the children's fees and helping them improve their study skills. Now, the education that every child at ACT gets is an all round development programme that ensures every child's physical, mental and emotional Wellness.

CONCEPT TO CLASSROOM

We believe that the purpose of schooling should be to develop intelligences and to help people reach vocational and avocational goals that are appropriate to their particular spectrum of intelligences.

At ACT, we employ Howard Gardner’s concept of Multiple Intelligences to identify the dominant intelligence of each child over a period of time. Each child is enabled to hone the dominant intelligence through skill workshops, alternative learning methods and modules throughout his/her school time and college. Once they graduate, they are coached to get a job that compliments their intelligence therefore leading them to feel more engaged and competent .

EDUCATIONAL INTERVENTIONS

AFTER SCHOOL PROGRAM - Through this program we impact overall academic progress with a focus on English and Math.

ENGLISH PROGRAMS ENROLLMENT

23 students

Elementary program
introduce english to Class 2 children who have joined from vernacular medium

17 students

Flow of English
introduces basic words and the associated phonetics

27 students

Reading Program aims to improve English vocabulary and comprehension through reading simple story book.

39 students

Independent Readers Club
aims to improve grammar and writing skills by reading novels and graduating to complex stories.

MATH PROGRAMS ENROLLMENT

23 students

Elementary program
Introduction to grade appropriate concepts of mathematics and to strengthen the fundamentals

43 students

IXL
A practice tool delivered through an online platform

IN SCHOOL PROGRAM - Through this program we work with 2 Government schools to impact English and Math comprehension.

ENGLISH PROGRAMS ENROLLMENT

Introduction to basic words and the associated phonetics to develop pronunciation through listening

45 students

At the Government Tamil Higher Primary School

90 students

At the Government Kannada Higher Primary School

MATH PROGRAMS ENROLLMENT

Introduction to grade appropriate concepts of mathematics and to strengthen the fundamentals

45 students

At the Government Tamil Higher Primary School

90 students

At the Government Kannada Higher Primary School

ACT INTERVENTIONS

Every child at ACT goes through an all-round development programme. We focus on 7 KEY areas that require intervention apart from academics- Food, Life Skills, Creative Development, Communication Skills, Sports, Physical and Mental Health and Well Being, and Financial Inclusion. Our continuous endeavour is for each child living below the poverty line is to integrate seamlessly within mainstream society through these interventions.

YEAR 2016 -2017 HIGHLIGHTS

 FOOD	6700 plates Daily after school snacks and Sunday special meals.	380 kgs Porridge mix made by the mothers for daily nourishment.	120 cakes distributed Birthdays celebrated with take home individual cakes.
 LIFE SKILLS	50 workshops 30 corporate partnerships 280 volunteering hours Career Guidance, Personal Grooming, Garbage and Civic Sense.		
 CREATIVE SKILLS	17 workshops Paper craft, Tie and Dye, music, Creative Thinking.	350 diyas created	200 baskets woven
 COMMUNICATION SKILLS	4 workshops Power point presentation, Science Experiment Presentation .	12 children created the Annual Day AV	
 SPORT	45 karate sessions 18 children promoted to next level in Karate On going Karate Program, Cricket Training Program and Yoga Introduction.		
 HEALTH	3 medical camps 360 children checked 96 vaccines administered School Health Camp, Eye Check Up, Dental Check Up, Vital Statistics Records, Sexual Abuse Workshop, Self Awareness Workshop, Family Counselling Sessions.		
 FINANCIAL	113 total accounts 68,921 Rs. deposited Savings bank accounts opened for each child in collaboration with SBI with mothers depositing small amounts every month.		

ACT INTERVENTIONS

YEAR 2016 -2017 HIGHLIGHTS

FOOD

A team of 3 mothers prepare and serve the after school snacks for all our children at the LC. A group of 8 mothers work together to make the protein mix which then gets distributed to the children. On the last Saturday of every month we celebrate the birthdays of all the children whose birthdays fall in that month. A huge cake is cut and a smaller cake is gifted to each child for a private celebration in his home with his family. Every Sunday a special meal is served to each ACT child.

LIFE SKILLS

- Our high school and college going children attended a Career Guidance Workshop wherein they were given guidance on how to assess their own skills and strengths; choose a study plan to suit their dominant intelligence and plan their career road map.
- They also attended a workshop on personal grooming, which included advice on dressing to suit the occasion, how to differentiate professional wear from personal wear, choosing colours that match one's complexion and matching clothes with appropriate accessories.
- The Government School children learnt about cleanliness and hygiene in a responsible citizen workshop. This culminated in a major clean-up of the Kannada school grounds, whereby the children learnt to segregate garbage and dispose waste in an eco-friendly manner.

CREATIVE DEVELOPMENT

- ACT children learnt how to create an indoor garden by recycling used water bottles and plastic cans.
- ACT children attended workshops on creative thinking and expression. Primary and middle school children created models and collages using cardboard sheets.
- We now have a music team. The children who were selected after an audition attend music classes.

COMMUNICATION SKILLS

- Middle school children were coached to explain simple experiments related to air, vacuum, light and propulsion. The best exhibitor was a little girl who put the parts of the medical stethoscope together and confidently explained its workings at an exhibition held in our LC.
- Senior children from ACT attended a workshop on making presentations. The presenters were then given feedback to improve their effectiveness.

SPORT

- 21 girls and 4 boys took the Karate grading exam. 2 of the boys are now in Brown III. 5 children received their first belts.
- ACT organised a Yoga programme at the Government Kannada School. This was done to introduce the children to the benefits of Yoga, which will help them acquire body-mind balance and also deal with stress.

ACT INTERVENTIONS

YEAR 2016 -2017 HIGHLIGHTS

HEALTH

- Specialists conducted sessions for each child on the prevention and detection of Child Sexual Abuse and Sex Education for adolescents. Some ACT families also attended a 2-day retreat, where the focus was on parent-child relationship and issues.

-A massive primary healthcare drive was conducted for all the children from the 4 centres of the Trust. Every child's height and weight were recorded, and blood and urine samples examined. Every child also got Dental and Eye check-up and Health Cards. ACT's in-house paediatrician then went through all the reports and the necessary interventions are underway.

FINANCIAL INCLUSION

Every year we introduce the new mothers to the concept of financial inclusion and savings. We enable them to open bank accounts for their children. Through the year they continue to deposit small amounts into these accounts. The most proactive mothers are felicitated at our Annual Day.

IN OTHER NEWS

MOTHERS EMPOWERMENT PROGRAM

The mothers are the champions of ACT. They strive side by side with ACT to create a better future for their children. Young and barely literate, these mothers make up for their lack of education with their enthusiasm and willingness to learn new skills. This year we launched the Mothers' Empowerment Programme to help them grow.

- They learnt the art of Tie and Dye for fabrics, which were then made into pretty table runners, small table cloths and cloth bags.

- Faculty from Enfold created awareness amongst the ACT mothers about the urgent need for Sex Education and personal safety measures for their children.

- Eight mothers, who had enrolled in the Skills Building Programme, now weave plastic wire baskets for our volunteers and other visitors.

AWARDS AND RECOGNITION

- ACT children won the Rolling Trophy at the annual Essay & Drawing Competition organised by the Ladies Wing of the Bengali Association. The Rolling Trophy is currently on display at the ACT Resource Centre.

- On U&I's Volunteer Day, ACT was felicitated as U&I's flagship project in spreading the message of volunteerism amongst the youth in Bangalore.

TEAM BUILDING

Our core team participated in a series of self awareness and team building exercises throughout the year.

MOTHERS SPEAK

Date: _____

* My name is Anu Radha, I have 3 daughters Navghazari studying in 10th STD, Vasantha in 5th STD, Vaishali in 2nd STD. I couldn't study after my 10th STD. I wanted my children to study and stand on their own feet. I worked in many houses, but even then I couldn't pay the fees of even 1 child. So I talk to the principal she said to put my children in a free government school. I went in search of a free school. I saw a clinic and I went inside and asked about an institute for free education, they told me it is next door. I went there and shared all my problems. They told me to put my children in a good school. From that time A.C.T has taken care of my children's education and other expenses like lunch and celebration. Apart from that I am a member of the trust and work here. I am paid salary for it. I prepare food for all the children. I feel like all the children are my children. The best memory is the sports day for mothers and ~~mother~~ I won many medals and gifts, which made me feel great. The second best is watching 'Dangal' movie in the theatre with my daughter. I have got the Best Mother Award and have got this award every year. My children are studying well and I am very proud of them.

I am Vimala, my daughter A. Jenifer is studying in ACT for the past 7 yrs. She has got all the knowledge and facilities which I couldn't give her. She's developed in many skills like Jewelry making, paper bag making, working with computers and many other classes helps her improve her talent. Being a part of Trust, has helped me a lot in many ways. I save money in the Bank for her future and for medical purpose but because I didn't admit my son James into the Trust, he has missed out many classes and activities which could have developed his skill, knowledge and talent. I don't have any family support and have financial problems and I am the only person who earns for my family because my husband has passed away. Though I have gone through so many problems I am not worried about my child's future because she is in the Trust.

VOLUNTEERS SPEAK

“

I first heard of ACT when I visited the Homeopathic Clinic next door. I came to ACT three years ago and requested if I could volunteer in whichever way. I soon started working with the children. I have now been teaching English for class six in the Govt. Tamil medium school in Murphy town. Working with the kids has taught me patience. Like all children, these little ones are so beautiful. I love it when the children come and say hello and say they missed me. I look forward to continuing my work in ACT, as much as possible. I love interacting with the children there. ACT is doing so much work relentlessly. Your efforts are there for everyone to see. I wish the ACT gang all the luck. Keep it up the whole gang !!!

**ACT is doing so much work relentlessly.
Your efforts are there for everyone to see.**

Sheila Pishe, 67 years
Business

”

“

I first heard about ACT when my brother and his friends began volunteering at the Ulsoor Centre on weekends. I was studying in law school then, probably in 2009. I finally joined ACT after completing law school in May 2014 and began helping out 5 days a week. I took Hippocampus math sessions in the first half of the day and Hippocampus English sessions in the second half. I now (try my best to) teach basic math concepts to 8th grade children once a week for two hours on Sundays. I have learnt a lot in this process of volunteering. Firstly, my math has improved tremendously but more importantly I have realized that once you are in the company of the ACT children you tend to forget all your problems (they seem so irrelevant). Knowing that the kids are lapping up every word that you say gives you a very large responsibility to shoulder and really grounds you. Interacting with the children has been and continues to be a learning experience for me. I was once asked what the word 'though' meant during a reading session with the kids. I was stumped, made me really appreciate my English teachers. Watching the children perform on Annual Day, playing 'treasure hunt' with them, getting them to focus on multiplication tables, and trying to explain to them why son and sun are both pronounced 'sun/son?', also make for some fun memories! I look forward to ACT on the weekends. However rough my week has been, those two hours on Sunday make up for everything. The unadulterated joy you witness when a math problem is solved and two hours of smiles.

I look forward to ACT on the weekends. However rough my week has been, those two hours on Sunday make up for everything.

Smrithi Mariam Punnoose, 26 years
Corporate Lawyer

”

VOLUNTEERS SPEAK

“

I went to visit ACT with my close friend during Christmas celebrations in 2013. I joined ACT in early 2014 and helped out with the administrative work for about 2.5 years. The children at ACT are extremely smart and talented! Although I occasionally conducted classes for the kids, I had an opportunity to interact with them quite frequently. When I see them getting counseled by both Sujata aunty and Bhavani aunty, I realize how valuable and important this whole enterprise is to the children!

My most vivid memory to date happens to be The Annual Day of 2015! It was an amazing experience to watch the children perform on a pleasant November evening next to the Ulsoor Lake. What I like doing best in ACT is speaking to the children, Mani Ma'am, Sujata aunty and Bhavani aunty. These interactions were priceless and helped me learn a lot about myself in the process. The atmosphere of support and positive attitude is very infectious. ACT is an amazing place, with very dedicated people who want to make an impact in people's lives.

The atmosphere of support and positive attitude is very infectious.

Aparna Sarvanan, 25 years
Student Graduate Program

”

“

I first came to know of ACT when I read about it in the newspaper(The Hindu) in a beautiful article. I came to ACT in February 2015 and met all the volunteers there. I started volunteering. Now, I teach Mathematics to class 7 on weekends.

Working with the children has changed me. It has taught me to be lot more patient and has provided me deep insight into the psychology of a child. I can now get along well with them.

One memorable incident that I can remember is asking one of the kids of my class to tell me the way from Learning center to temple, where I wanted to go. And the kid walked all along 2 km with me to the temple....he didn't want his teacher to get lost on the way!!! I was touched by their responsibility.

In ACT, I look forward to meeting kids, teaching kids and playing with kids. And of course, what I like best is teaching. Teaching at ACT has certainly given purpose of life which is otherwise mired in daily grind. Meeting with underprivileged kids and seeing their zest and enthusiasm fires mine life too. I wish ACT soon expands into rural and other hinterlands, where there is gnawing lack of education infrastructure which causes a vicious circle of poverty.

Working with the children has changed me. It has taught me to be lot more patient.

Guneet Singh Sethi, 29 years
Engineer

STUDENT SPEAKS

I joined ACT in 2010 at the age of 12 after my neighbour told us about it. I wasn't very good at studies and struggled a lot and so ACT told me to change to National Institute of Open Schooling (NIOS), after joining there, I started to do well. I have completed my Diploma in Hotel Management at St Joseph's community college.

Initially, I was very careless and did not take responsibilities seriously. I used to get scolded by everyone. Even after joining the Trust, I used to get scolded and punished frequently. Sometimes I used to feel bad, cry and even get angry at ACT. Once I even left the trust, but they still called me back. Initially I was wondering why they called me, but I realized it was because they cared about me and my future. I am happy I came back. ACT encouraged my skills and talents. I am now very good at drawing and painting and can make handicrafts. I also play cricket as an all-rounder for Karnataka Institute of Cricket. I underwent training in Karate and have a Black Belt. I also discovered that I enjoy photography and attended many workshops to get better at it. Before coming to the Trust I did not have any future goals but one day ACT took us to a 5 star Hotel, where they gave us a tour of the kitchen, restaurant, rooms etc. They spoke to us about the functioning of the Hotel Industry. This fascinated me a lot and I decided that I wanted to be a part of this industry. I recently completed a 1 month Internship Program at Chancery Pavilion. I am currently working at Vivanta by Taj, MG road as a chef.

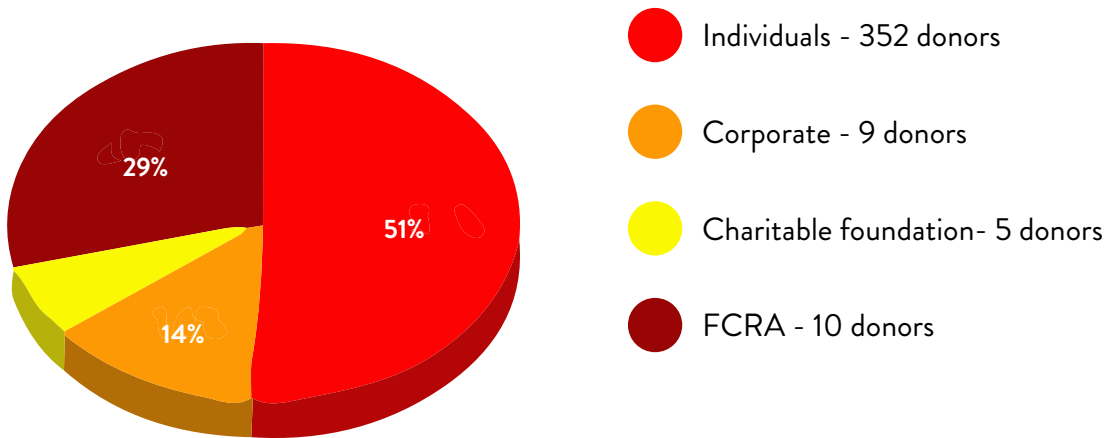

Thanks to ACT who has encouraged my dreams and made me realize my talent. I especially want to thank Bhavani aunty, Sujata aunty, Mani ma'am and all the volunteers who taught me over the years. Without them I could not have succeeded or reached my goal.

Mani M
Diploma in Hotel Management
Chef at Vivanta by Taj, MG Road

INCOME AND EXPENSE ANALYSIS

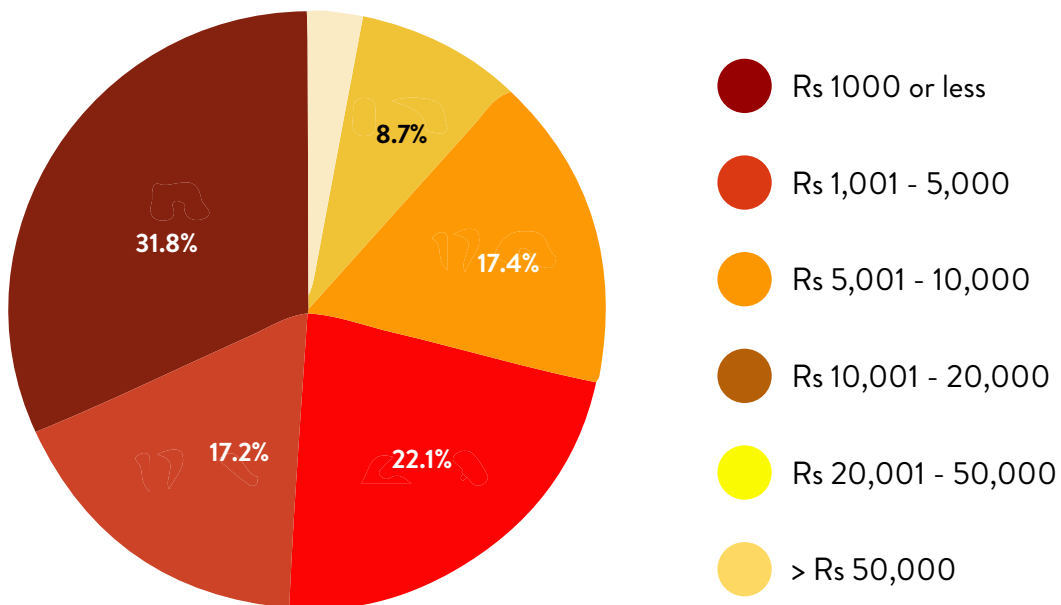

CONTRIBUTION FROM DONOR TOWARDS GENERAL FUND

ACT continues to maintain and grow a large active network of individual donors. Donations toward General Fund increased 3.6% compared to FY 2015-16. In FY 2016-17, individual donors account for 51% of total funds received, with 352 individuals donating Rs 27.99 lakh. 61% of donations were for Rs 5000 or less, and 60% are returning donors.

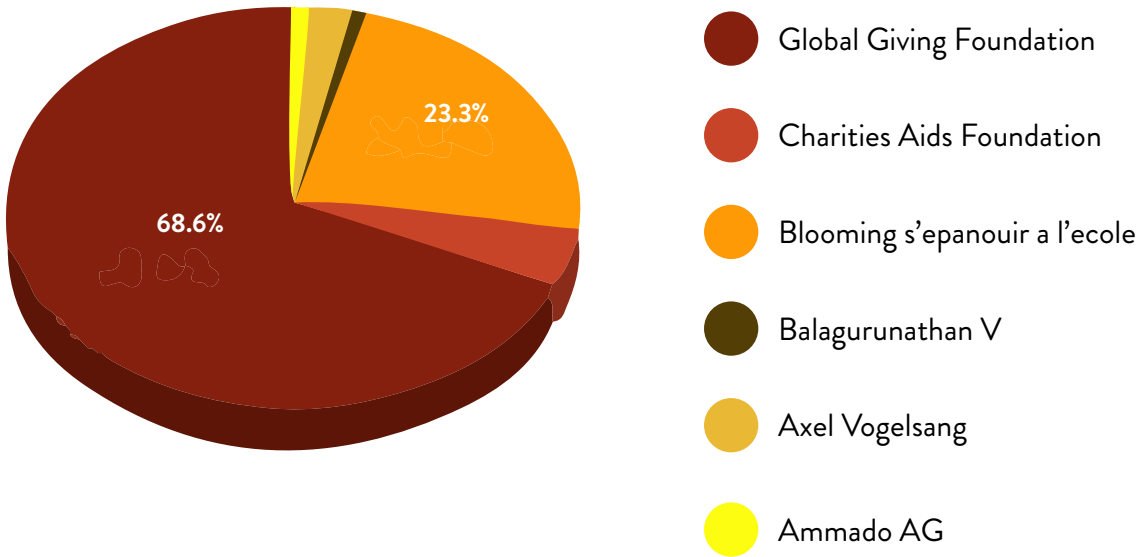

INDIVIDUAL DONOR CONTRIBUTIONS

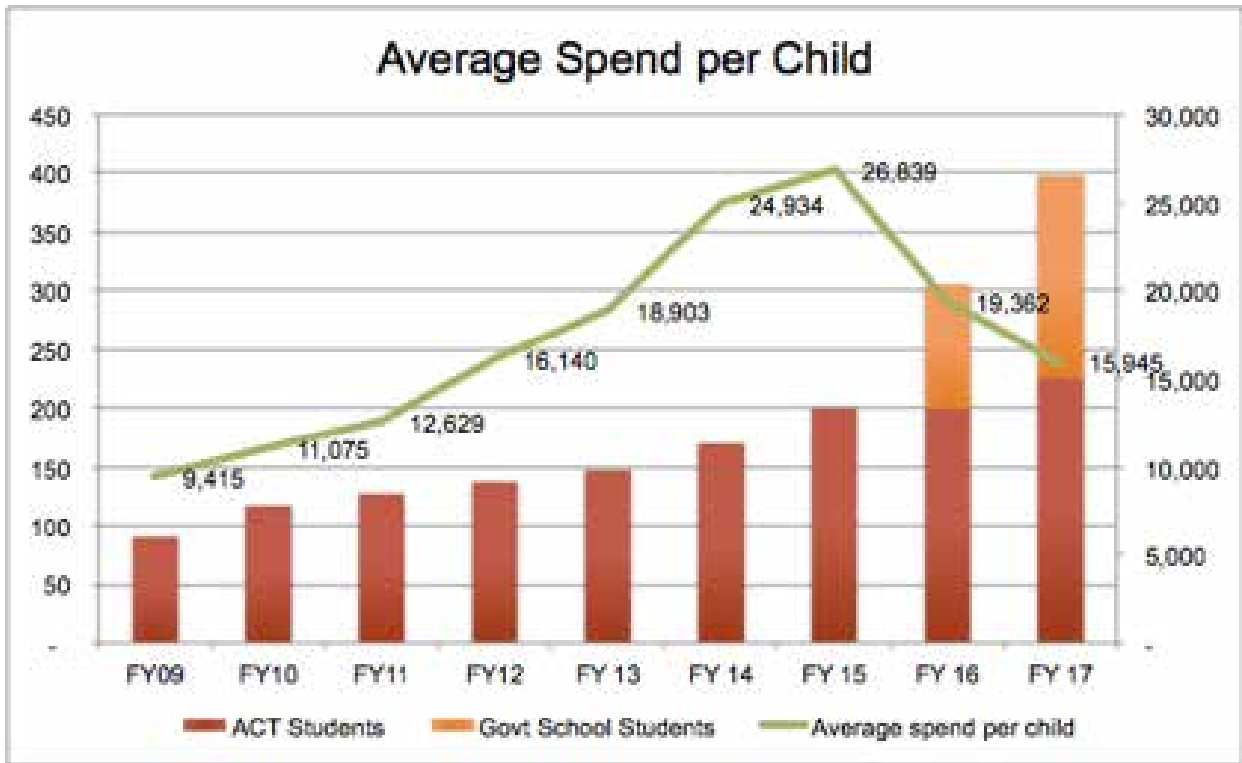

INCOME AND EXPENSE ANALYSIS

CONTRIBUTION FROM FCRA

AVERAGE SPEND PER CHILD

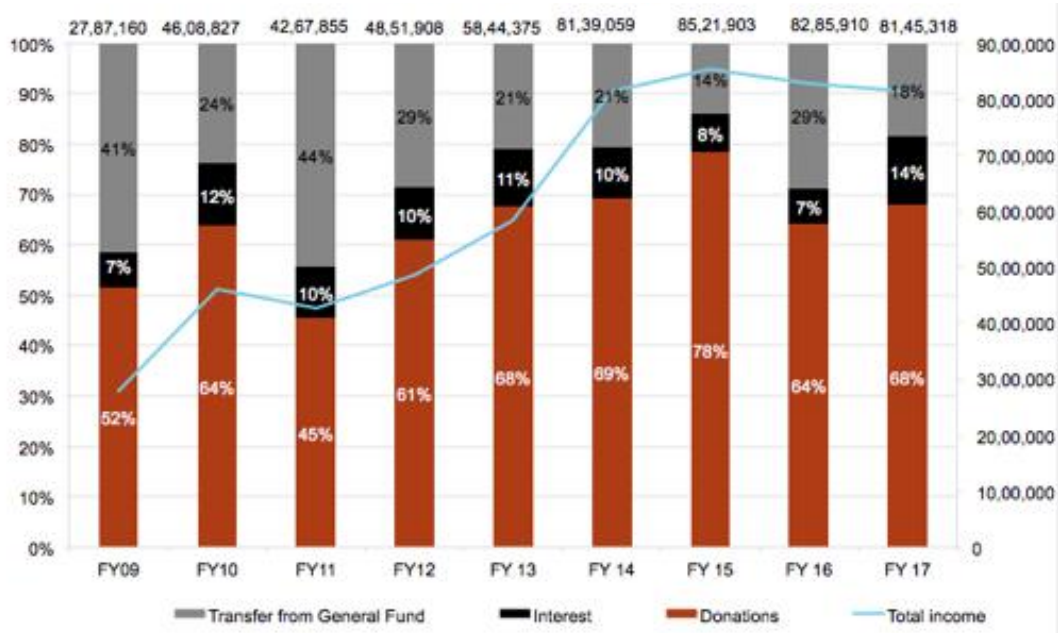

In FY 2016-17 we have had an increased number of donors giving in kind - meals, supplies, etc - which go direct to the students, but expenses are external to ACT accounts. We also adopted a second government school. Interventions at government schools take a gradual approach, ramping up as buy-in from the administrators, teachers, parents and students improves. Additionally, government school students do not require fees assistance, hence average spend is lower.

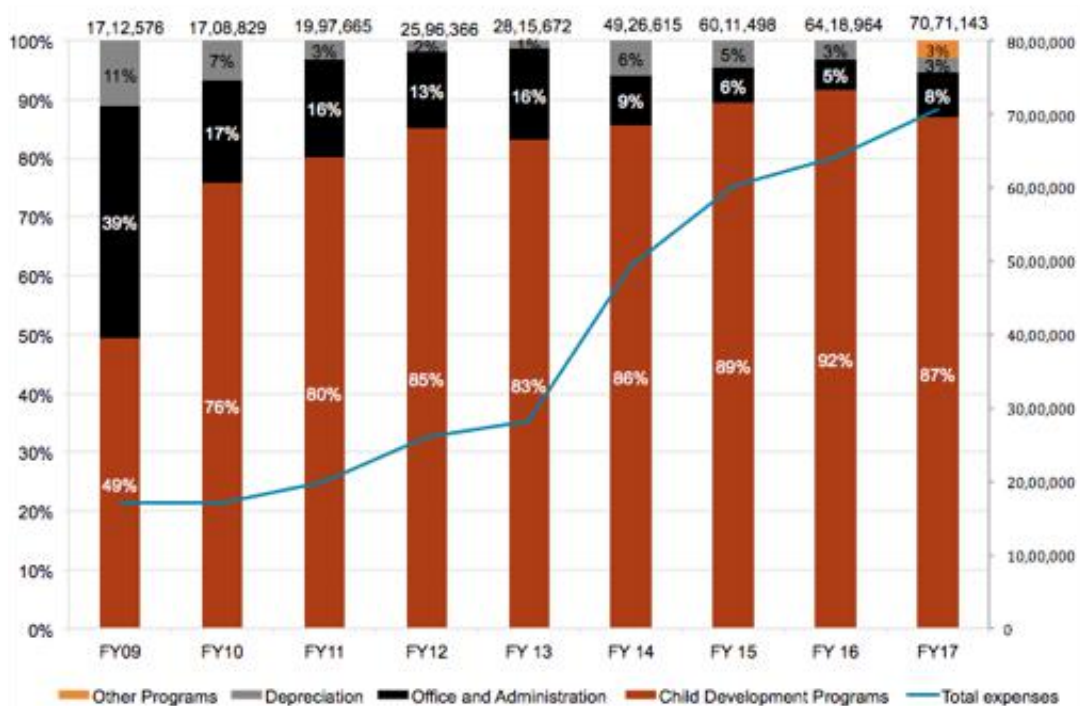

INCOME AND EXPENSE ANALYSIS

INCOME BREAKDOWN

EXPENSE BREAKDOWN

In FY2016-17, we were able to hire staff to assist with Child Programs, Government School Outreach, Fundraising and Communications. These efforts have allowed us to secure more Corporate CSR funding (increase 165% YOY), adopt a second government school, and support the mothers of our children who are interested in starting their own co-op, while maintaining administrative costs of less than 10% of total expenses.
